

We hope you enjoyed playing the Astroparticle Physics Card Game! Here are a few questions to help you reflect on your experience.

Name: _____

1. What is something you learned about astroparticle physics through the card game?
2. Can you name an astroparticle physicist from the game?
3. What was something you noticed about the people in the game?
4. Was the game too easy, too difficult, or just right?
5. If you could make a card for the game, what would it be?
6. What was your favourite card you saw in the game?
